

Alleluia

May all our Alleluias when spoken and heard

Be heartfelt thanks to Thee, dear Lord,

and not just lovely words.

And may each passing moment

till the ending of our days

Be filled to overflowing with our never ending praise

Alleluia, alleluia, alleluia

Alleluia, alleluia, alleluia

Lord we praise You, Lord we praise You, Lord we praise you, allelu, alleluia

Packin' Up

AWell I'm gonna ride on that glory train where the sun will never go down
Every day I'm making preparations, packin' up (I'm packin' up)
I'm getting ready (getting ready to go)
Getting ready to go, I'm packin' up, getting ready to go

I'm packin' up getting ready to go (2x)
Oh packin' up getting ready to go
I'm packin' up getting ready to go

Well I got my sword, and I got my shield
got my ticket, signed and sealed
and I'm packin', I'm gettin' ready, getting ready to go
I'm packin' up, gettin' ready to go.

I need your love, Lord and Your great power
And I need courage in every hour
Just give me joy it'll make me stronger
So that I can hold on a little longer

Well I got my sword, and I got my shield
got my ticket, signed and sealed
and I'm packin', I'm gettin' ready, getting ready to go,
I'm packin' up, gettin' ready to go.

I'm packin' up getting ready to go (2x)
Yes I'm packin' up getting ready to go
I'm packin' up getting ready to go, getting ready to go

I'm getting ready to leave this world
I'm getting ready for the gates of pearl
Keeping my records right
Watching both day and night

Another Life to Give

What did I ever do that you would lift my load of care?
What could I ever say to make you
hear my earnest prayer?
There's at least a million things I'd change
about the way I've lived.
I wish I had another life to give.

But you kept right on loving me and all I did was wrong.
You picked up broken melodies
and turned them into song.
And though I can't repay your grace
for all the things you've been
I wish I had another life to give.

'cause if I had another life to give
A chance to show how much your love has meant
I'd make Your will my heart's endeavor
A work of love that lasts forever
If I had another life to give

So Lord I give my all to you, my victories and defeats
And every trophy that I've won I'll lay them at your feet
For I could never pay the debt I owe for sin
I wish I had another life to give.

For if I had another life to give
A chance to show how much your love has meant
I'd make Your will my heart's endeavor
A work of love that lasts forever
If I had another life to give
A chance to show how much your love has meant
I'd make Your will my heart's endeavor
A work of love that lasts forever
If I had another life to give, another life to give.

His Truth is Marching On

His truth is marching on,
His truth is marching on, marching on
Through the fire, through the flood,
we're in the army of God's own Son
His truth is marching on

So many boots have marched across the page of history
So earthly kings could stand upon a stage of victory
But only one king brought the light
and still His power shines
Only one true truth changes lives
and stands the test of time

His truth is marching on,
His truth is marching on, marching on
Through the fire, through the flood,
we're in the army of God's own Son
His truth is marching on

Following our captain we won't fear the arm of man
No power in this world could ever
change God's mighty plan
Though Satan tried to stop the truth that day on Calvary
Jesus conquered death to prove
the truth will set you free

His truth is marching on,
His truth is marching on, marching on
Through the fire, through the flood,
we're in the army of God's own Son
His truth is marching on

Glory Glory Hallelujah,
Glory Glory Hallelujah,
Glory Glory Hallelujah
His truth is marching on

Through the fire, through the flood,
we're in the army of God's own Son
His truth is marching, His truth is marching,
His truth is marching on, marching on!

What a Day That Will Be

There is coming a day when no heartaches shall come
No more clouds in the sky, no more tears to dim the eye
All is peace forever more, on that happy golden shore
What a day, glorious day that will be

What a day that will be when my Jesus I shall see
When I look upon His face,
the One who saved me by His grace
When He takes me by the hand,
and leads me through the Promised Land
What a day, glorious day that will be

And heaven will surely be worth it all
Worth all the sorrow that here befall
There'll be no sorrow there,
no more burdens for us to bear
No more sickness no more pain
no more parting over there
And forever I will be with the One who died for me
What a day, glorious day that will be

What a day that will be when my Jesus I shall see
When I look upon His face,
the One who saved me by His grace
When He takes me by the hand
And leads me through the Promised Land
What a day, glorious day that will be

We shall behold Him, we shall behold Him
Face to Face in all of His glory, His glory

When He takes me by the hand
and leads me through the promised land
What a day, glorious day - Our first day in heaven
what a day, glorious day that will be
What a Day that will be!

Leaning

People are always asking me, what's that smile on your face I see?
You must never have trouble in your life.
And they say "what'cha gonna do when hard times come?
Where you gonna go when life's no fun?"
I am happy to tell them how it's done

Oh I'll be leaning on the everlasting arms
Knowing that I'm safe and secure from harm
Trusting when it hurts and I just don't understand
And I'll be giving all my worries over to Him
Knowing He will take care of all of them
Trusting when it hurts and I just don't understand
Oh I'll be leaning on Jesus

I'm going to turn that question around
why are you always wearing a frown?
You must always have trouble in your life.
So tell me what'cha gonna do when hard times come
Where you gonna go when life's no fun
I'll be happy to tell you how it's done

Oh I'll be leaning on the everlasting arms
Knowing that I'm safe and secure from harm
Trusting when it hurts and I just don't understand
And I'll be giving all my worries over to Him
Knowing He will take care of all of them
Trusting when it hurts and I just don't understand
Oh I'll be leaning on Jesus
Leaning, leaning safe and secure from all alarm,
all alarm

Leaning on the everlasting arms
Knowing that I'm safe and secure from harm
Trusting when it hurts and I just don't understand
And I'll be giving all my worries over to Him
Knowing He will take care of all of them
Trusting when it hurts and I just don't understand
Oh I'll be leaning on Jesus

Keeper of the Lost and Found

He has a heart for lost and troubled runaways
He has a place where comfort can be found
When friends are nowhere near you
There is One who hears you
He knows you cry when no one is around
He sees you standing out there in the darkness
He's heard your call for help out in the rain
He didn't come to scold you; He only wants to hold you
He's calling to you come in from the pain

He's the keeper of the lost and found
Where wandering hearts can find a place to settle down
And trade their tattered garments for a crown
He's the keeper of the lost and found

It seems that you've been living miles away from home
and breaking every promise that you've made
But child there's no outrunning
the boundaries of his loving
And where you are is not so far away
He holds the key to everything you're searching for
His eyes on you wherever you may roam
The door is always open;
and you can come back knowing
That He will never ever let you go.
He'll never let you go.

He's the keeper of the lost and found
Where wandering hearts can find a place to settle down
And trade their tattered garments for a crown
He's the keeper of the lost and found

Hide me, hide me in the shelter of Your wings
Hide me, hide me
You're the Keeper of the Lost and Found, Oh
Hide me, hide me
You're the Keeper of the Lost and Found

There is a Love

In the middle of a restless world,
I'm living in a peaceful place.
In times when all hope seems gone,
I just can't help the smile that's coming across my face.
And everybody keeps on asking me,
"what's the good in life that I can see"?
Well I've found a blessed love
that is rich and full and free.

There is a Love flowing from a hill called Calvary.
There is a love when the whole world has forsaken me.
It's a precious love that carries me on through
when I'm looking for a place to run into.
In a world where push is coming to shove,
there is a love!

They tell the story in love's best songs
about the feeling going on and on.
Till one day, the magic is gone and it seems
their forever never lasts too long.
But there is one thing I am sure about,
It's burning in my heart and there's no doubt.
This love is forever strong and it's holding me right now.

There is a Love flowing from a hill called Calvary.
There is a love when the whole world has forsaken me.
It's a precious love that carries me on through
when I'm looking for a place to run into.
In a world where push is coming to shove, there is a love!

There is a Love flowing from a hill called Calvary.
There is a love when the whole world has forsaken me.
It's a precious love that carries me on through
when I'm looking for a place to run into.
In a world where push is coming to shove,
there is peace that is coming down from above.
In a world where push is coming to shove,
There is a love! There is a love!

Hold on to the Power of the Cross

Do you have a river you cannot cross
Or a mountain that's too steep to climb
Do you have a valley you cannot forge
Hold on, He'll be there on time

Hold on, hold on, hold on to the power of the cross
The work is done, through Christ the Son
and hope is not lost
Hold on to the power of the cross

Life's filled with heartache and sorrows
With burdens we can't bear alone
Oh but when you trust in the Master
You'll find He's still on the throne

Hold on, hold on,
Hold on to the power of the cross
The work is done, through Christ the Son
Hope is not lost
Hold on to the power of the cross

(Hold on) when you feel like giving up
(child, hold on) you know he won't let you down
(Hold on) Oh, He will hold on
Hold on to the power of the cross. Hold on!

Hold on - when you feel like all hope is lost
God's gonna be there right on time
hold on, hold on to the power of the cross.
Hold on!

Woke Up This Morning

When my alarm clock rang today a smile appeared across my face.
Just like it happened early yesterday
And I suppose it's safe to say tomorrow's going to be the same.
This feeling deep inside ain't about to change

I woke up this mornin' listening for a trumpet
Caught a glimpse of glory when I knelt down to pray
I got a homesick feeling thinking about a great homecoming.
Woke up this morning saying this could be the day.

Now some may criticize the way we dream about a better place,
so far away beyond the cloudy blue
But if they let the Lord above
Come fill them with His joy and love
Some happy day I know we'll hear them singing too

I woke up this mornin' listening for a trumpet
Caught a glimpse of glory when I knelt down to pray
I got a homesick feeling
thinking about a great homecoming
Woke up this morning saying this could be the day

I got up with heaven on my mind this morning
On Jesus who healed the sick and blind
Let the sea billows roll I have glory in my soul
I got up with heaven (3x)
I got up with heaven on my mind

I woke up this mornin' listening for a trumpet
Caught a glimpse of glory when I knelt down to pray
I got a homesick feeling thinking about a great homecoming
Woke up this morning saying this could be the day
Woke up this morning saying this could be the day
This could be the day, oh yes!

Theme from "A Summer Place"

There's another place, where it won't rain or storm
And I'm safe and warm, over in another place
Where grace has taken me, and my soul is free
From all care, For I know,
there are no cloudy skies or sad tear filled eyes,
for those redeemed by love
And the sweet treasure of another place
where hearts will never break and we're face to face
With our Lord, with our King, where there's peace
In another place, where it won't rain or storm
And I'm safe and warm, with our Lord, with our King
Where there's peace, over there

Present in the Presence of the King

She was just about to cross the river Jordan
Prepared to make this journey for so long
It seemed her heart already made the crossing
She said I hear the distant sounds of home
She had always kept the faith and fought the good fight
And ran with joy the course of heaven's race
And as we gather round her with great sorrow
She spoke with love and rapture on her face.

I'll be present in the presence of the angels
I will join the choir of millions as they sing
To be absent from this body is to live eternally
I'll be present in the presence of the King

When at last it's time to leave this life behind me
And I say goodbye to heartache, grief and sin
Oh don't think for a moment that it's over
I'll be more alive than I have ever been

I'll be present in the presence of the angels
I will join the choir of millions as they sing
To be absent from this body is to live eternally
I'll be present in the presence of the King

To be absent from this body is to live eternally
I'll be present in the presence of the King
I'll be present in the presence of the King The King.

Please Don't Wait Forever

Child I am here waiting, I've been calling you so long
Hoping you will understand, My love for you is strong
You say you know Me, I wish that were true
Child you say you love Me, I want to know you do

Please don't wait forever My arms are open wide
I took My love to Calvary, hung on the cross and died
You'll never find a love like Mine no power on earth can sever.
Child I love you, please don't wait forever.

After you've gone chasing everything that you desire
I'll be waiting patiently with the grace that you require
You know I love you deep down in your heart
I want to walk this road with you and now's the time to start
Please don't wait forever My arms are open wide
I took My love to Calvary, hung on the cross and died
You'll never find a love like Mine no power on earth can sever.
Child I love you, please don't wait forever.

Please don't wait forever My arms are open wide
I took My love to Calvary, hung on the cross and died
You'll never find a love like Mine no power on earth can sever.
Child I love you, please don't wait...
