Not For Long

Verse 1:

I never thought I would be in this valley but that's where I am.
I picked up the pieces, tried to put them together, but it's so hard to stand.
And Lord I don't know what to do.
I'm fully depending on you.
My heart may be breaking. My soul may be shaking.
And I don't have the will to be strong...

Chorus:

Not for long! I will walk on in victory
knowing You're right here with me
when everything's going wrong. It's not for long!
No, this valley won't keep me. The pain won't defeat me.
Circumstances may silence my song but not for long!

Verse 2:

It's so amazing how You can turn sorrow to rivers of joy.
You've given me peace that's beyond understanding,
the world can't destroy.
This trial will strengthen my faith.
And I know that you'll make a way.
I'll trust You completely and keep on believing
when it seems like my last hope is gone...

Repeat Chorus

This trial will strengthen my faith
And I know that You'll make a way
I'll trust you completely and keep on believing
When it seems like my last hope is gone

What You Can't Remember

I look in the mirror sometimes I see
all of the scars that sin left on me.
I wonder if they'll ever be
healed and finally be gone.
They said at the altar when I knelt to pray,
the times I had faltered just faded away.
But somewhere in the back of my mind,
they just keep hanging on.

Chorus

Help me forget what You can't remember.
Lord help me see that You see beyond my past.
When my memory burns with pain,
pour Your grace on the embers.
And please help me forget what You can't remember.

Verse 2

Now peace didn't come like I thought it would.
Joy didn't come and I thought that it should.
But You died so I could have life abundant and free.
So please take all the guilt that I've carried too long.
Let Calvary compose my victory song.
I'll lay down my questions. Lord,
You are the answer in me.

Repeat Chorus

Leave it there. Leave it there. Take your burden to the Lord and leave it there. When my
memory burns with pain, pour your grace on the embers.
And please help me forget, what you can't remember.
Oh Lord, help me forget
What you can't remember.

He'll Move Heaven and Earth

Verse 1:

Have you been wandering away from the fold
Your heart is pondering, you don't know where to go
And now you're feeling, somehow you've gone too far
Just call on Jesus
He'll meet you where you are

CHORUS:

He'll move heaven and earth just to save you
He believes in your worth and He came to
Hold you when you're hurting, Keep you from despair
Lift your heavy burden - that's how much He cares
He'll move heaven and earth
All because He loves you

VERSE 2:

You are His chosen He'll never leave your side
The Lord's beloved a treasure in His eyes
And when you're broken His heart is breaking too
And if you're weary I know He'll carry you

Repeat Chorus

BRIDGE:

(The Lord will) hold when you're hurting (hold you when you're hurting)
Keep you from despair (Keep you from despair)
Lift your heavy burden (Lift your heavy burdens)
That's how much He cares

REPEAT CHORUS

He'll move heaven and earth all because He loves you
He Loves, He loves you

Cast My Care

Verse 1:

Everywhere I turn I see people who hurt
And wonder if they're just like me
Trying to be strong when all hope seems gone
Thinking that no one can see
But the secret I've found is when I'm feeling down
And I'm tempted to give in
I just go to the Lord who reminds me once more
To take all my burdens to Him

Chorus

I'm gonna cast my care knowing God is there
With his arms held open wide
In His warm embrace there's a resting place
When I need somewhere to hide
I'm gonna give it up, fully place my trust
In the One who is a tower of strength
When the load is too heavy to bear
I'm gonna cast my care

Verse 2

Why do I hold on, do it on my own
When He says, "Give it all to me".
Try to figure it out, walk in fear and doubt
It's a lonely place to be
There will come a day when I slip away
And these trials come to an end
When my journey is done, every victory is won
I'll rejoice but until then....

Repeat Chorus

Bridge:

When the trial goes on and on (on and on)
In my weakness He is strong

Tag:

When the load is too heavy to bear
I'm gonna cast my care
I'm gonna cast my care

I Need You Now

Verse 1:

I've often come to You in times of plenty
I always come to You in times of need
I've called Your name when sin had left me empty
And praised Your name when grace had made me free
So today, I'm confident that You are listening
And You're never overwhelmed by what I say
And since we love to talk to one another
Can I just share my heart with you today?

CHORUS:

I need You now to walk beside me
More than I ever have before
I need Your wisdom, Lord to guide me
I want the next step to be Yours
There isn't a moment You're not faithful
Your arms are always reaching out
Every minute, every day and every hour
You understand me when I say
I need You now

Verse 2:

Lord, You know exactly what I'm thinking
So there's never anything I need to hide
I'd be a fool to ever stop believing
When I know Your ways are so much higher than mine
So consider this my prayer of sweet surrender
All my hopes my dreams, I offer everything
Without You, I'm a hopeless situation
What I was blinded to before is plain to see

Repeat Chorus

Bridge:

I need Thee O I need Thee, every hour I need Thee

You understand me when I say I need You now
Oh, Jesus, I need You now

Heaven is Happening Here on Earth

There's a little angel band leading worship
Singing praises to God near the throne
There's a welcome committee in glory
Showing people all around their new home
Well I know it's a great celebration
With the saints in that place gathered near
There's a little bit of heaven on this side of forever and it's going on right here

When a brother lifts a hand to a brother
When a neighbor reaches out to a need
There are people who are living the gospel
Hearing the word of God and taking heed
It's a father taking care of his children
It's a mother spending time on her knees
And the songs of the saints or a sinner's new birth
Heaven is happening here on earth

Oh they tell me that no news is good news
And they say the world is falling apart
But the good news is heaven's still working
And you can watch it from wherever you are
There's a place where you'd never expect it
The hand of God is moving somehow
'cause there's a little bit of glory that shows up in the story
And it's heaven on earth right now

When a brother lifts a hand to a brother
When a neighbor reaches out to a need
There are people who are living the gospel
Hearing the word of God and taking heed
It's a father taking care of his children
It's a mother spending time on her knees
And the songs of the saints or a sinner's new birth
Heaven is happening here on earth

When a brother lifts his hand to a brother
When a neighbor reaches out to a need
There are people who are living the gospel

Hearing the word of God and taking heed
It's a father taking care of his children
It's a mother spending time on her knees
And the songs of the saints or a sinner's new birth
Heaven is happening here on earth
Heaven is happening here on earth
Heaven is happening here on earth

Rest In Him

Verse 1:

You've labored far too long without a hand to hold or arm to lean on.
You lie awake at night 'cause pain has gripped your mind and Peace is so far gone.
And you question, can I walk another mile,
when you don't think you have a friend.
When it seems you're all alone, just look around and you'll find Jesus where He's always been.

Chorus

Rest in Him and you'll be safe and sound.
Just lay your burden down and wrap His love around you.
Rest in Him. Don't get lost in the sorrow,
there's hope for your tomorrow and you can smile again.
Right now, just rest in Him.

Verse 2

The struggles of the day have shattered all your dreams and no one seems to care.
The pieces of your heart that life has torn apart are scattered everywhere.
Then you hear a gentle whisper saying, come to me, there's comfort for your weary soul.
So just take a leap of faith and fall into His loving arms and he will make you whole.

Repeat Chorus

He Grew The Tree

Verse 1:

He molded and built a small lonely hill that He knew would be called Calvary.
Then He made the seed that would grow to be thorns that would make His Son bleed.
Then He made a green stem, gave it leaves and then,
gave it sunshine and rain and sheltered it with moss.
He grew the tree He knew would be used to make the old rugged Cross.

Chorus:

Nothing took His life. With love, He gave it.
He was crucified on a tree that He created.
With great love for man, God stayed with His plan.
He grew the tree so that we might go free.

Verse 2:

With tears in His eyes, God looked down through time.
Saw Him spat upon, rejected and mocked.
Still, He grew the tree He knew would be
used to make the old rugged cross.

Repeat Chorus

Bridge:

So I'll cherish the old rugged Cross
till my trophies at last I lay down.
I will cling to the old rugged cross...
He grew the tree so that we might go free... I'm free!

Surely, He Did

Chorus:

Surely He bore my sorrow, Surely He took my shame
Surely He carried my sins to the cross
So surely I'll praise His name
I've never been more certain
My hope is settled on Him
When I needed grace, the Lamb took my place
Surely Surely He did

Verse 1:

You do not know like I know, All that He's done for me
Once I was held in shackles and chains
But Jesus set me free
That's why I have assurance, This truth I can't deny
Though Hell had bound me, my Jesus found me
So I can testify

Repeat Chorus

I cannot be downhearted
Doubt cannot bring me low
Seasons of blessing are promised to me
Oh yes, His word says so
I'm on the road of victory
My future's looking up
One day in glory, I'll tell the story
Forever won't be enough

Repeat Chorus
